

The manuscript

1. Articles submitted for publication in the **Economics and Business Review** should contain original, unpublished work not submitted for publication elsewhere.
2. Manuscripts intended for publication should be written in English, edited in Word and **sent to: secretary@ebr.edu.pl**. Authors should upload **two versions** of their manuscript. One should be a **complete text**, while in the second all document information identifying the author(s) should be removed from files to allow them to be sent to **anonymous** referees.
3. Manuscripts are to be typewritten in 12' font in A4 paper format and be aligned. Pages should be numbered.
4. Papers submitted should have **an abstract** of not more than 100 words, keywords and the Journal of Economic Literature classification code (**JEL Codes**).
5. **Acknowledgements** and references to grants, affiliation, postal and e-mail addresses, etc. should appear as a separate footnote to the author's name ^{a, b, etc} and should not be included in the main list of footnotes.
6. **Footnotes** should be listed consecutively throughout the text in Arabic numerals. Cross-references should refer to particular section numbers: e.g.: See Section 1.4.
7. **Quoted texts** of more than 40 words should be separated from the main body by a four-spaced indentation of the margin as a block.
8. **Mathematical notations** should meet the following guidelines:
 - symbols representing variables should be italicized,
 - avoid symbols above letters and use acceptable alternatives (Y*) where possible,
 - where mathematical formulae are set out and numbered these numbers should be placed against the right margin as... (1),
 - before submitting the final manuscript, check the layout of all mathematical formulae carefully (including alignments, centring length of fraction lines and type, size and closure of brackets, etc.),
 - where it would assist referees authors should provide supplementary mathematical notes on the derivation of equations.
9. **References in the text** should be indicated by the author's name, date of publication and the page number where appropriate,
 - e.g. Acemoglu and Robinson [2012], Hicks [1965a, 1965b]. References should be listed at the end of the article in the style of the following examples:
 - Acemoglu, D., Robinson, J.A., 2012, Why Nations Fail. The Origins of Power, Prosperity and Poverty, Princeton University Press, Cambridge, Massachusetts, London.
 - Kalecki, M., 1943, Political Aspects of Full Employment, The Political Quarterly, vol. XIV, no. 4: 322–331.
